

Survey Taker ID	Survey Taken	Which of these describes your role best as a CFML user?	Which IDE(s) do you currently use for CFML development?	What is your platform of choice for development?	Which features in your IDE do you most commonly/frequently use during development?	How important are the following features for you in a CFML IDE?	What in your opinion would be the right price range for CFML IDE?	What features would you like to see added as one click install to an CF IDE?
31AE14EB-19B9-E658-9D129A7A65ED1242	04/09/08 1:35 AM	Web Developer	Dreamweaver, Homesite / CFStudio	Windows	Syntax high-lighting of the code, CFC Explorer, CRUD Wizard, File explorer, Help for CF tags/functions, HTML editing, CSS editing, 2B2	HTML editing: Must Have, XML Editing: Very Important, Hotkeys for code snippets: Useful, Integrated CRUD Wizard: Very Important, SQL query editing: Very Important, Simplified CF/Flex and CF/AIR development: Unnecessary, Code autoforamtting: Useful, Framework support: Useful, Integrated help for CF tags/functions: Must Have, Integrated Log viewer: Nice To Have, Integrated CFC Explorer: Useful, CSS Editing: Must Have, Integrated file explorer: Must Have, Intellisense on CFCs: Very Important, Syntax high-lighting of the code: Must Have, Javascript editing: Very Important, Integrated RDS data explorer: Useful, Integrated debugger: Useful, Source code control: Useful, Customizable code coloring: Nice To Have, Integrated CFC Explorer: Very Important	\$100 - 500	XML tools (XML editor, schema, etc.), Source control (SVN, CVS), Documentation generator tools, Automatic upgrade checker, Diff/Compare Tools
31CA453A-19B9-E658-9D75BF2642237562	04/09/08 2:05 AM	Web Developer	Dreamweaver, CF Eclipse, Eclipse, Aptana	Windows	Syntax high-lighting of the code, File explorer, HTML editing, CSS editing, Javascript editing, SQL Query editing	HTML editing: Must Have, XML Editing: Very Important, Hotkeys for code snippets: Very Important, Integrated CRUD Wizard: Nice To Have, SQL query editing: Must Have, Simplified CF/Flex and CF/AIR development: Useful, Code autoforamtting: Must Have, Framework support: Must Have, Integrated help for CF tags/functions: Must Have, Integrated Log viewer: Useful, Integrated CFC Explorer: Very Important, CSS Editing: Must Have, Integrated file explorer: Must Have, Intellisense on CFCs: Useful, Syntax high-lighting of the code: Must Have, Javascript editing: Must Have, Integrated RDS data explorer: Nice To Have, Integrated debugger: Very Important, Source code control: Useful, Customizable code coloring: Useful, Integrated CFC Explorer: Very Important	Under \$100	Source control (SVN, CVS)
323EBFD4-19B9-E658-9DA9FB95539A8F7D	04/09/08 4:13 AM	Application Developer	CFEclipse, Flexbuilder, Eclipse	Windows, Mac	Syntax high-lighting of the code, Intellisense on CFCs, Debugger, Help for CF tags/functions, Source code control, Code auto-formatting / cleanup, Customizable code coloring / syntax highlighting, 2B2	HTML editing: Very Important, XML Editing: Useful, Hotkeys for code snippets: Unnecessary, Integrated CRUD Wizard: Unnecessary, SQL query editing: Very Important, Simplified CF/Flex and CF/AIR development: Useful, Code autoforamtting: Very Important, Framework support: Useful, Integrated help for CF tags/functions: Must Have, Integrated Log viewer: Nice To Have, Integrated CFC Explorer: Useful, CSS Editing: Useful, Integrated file explorer: Useful, Intellisense on CFCs: Very Important, Syntax high-lighting of the code: Must Have, Javascript editing: Useful, Integrated RDS data explorer: Nice To Have, Integrated debugger: Must Have, Source code control: Useful, Customizable code coloring: Useful, Integrated CFC Explorer: Useful	Under \$100	Derby IDE (simple), Source control (CVS), Unit testing tools, Documentation generator tools, LiveCycle/Blaze integration, Automatic upgrade checker, Diff/Compare Tools, 310
324AE05E-19B9-E658-9D4619DB4C64E763	04/09/08 4:26 AM	Web Developer	CFEclipse, Eclipse	Windows	Syntax high-lighting of the code, Intellisense on CFCs, CFC Explorer, File explorer, Help for CF tags/functions, Customizable code coloring / syntax highlighting, HTML editing, 2B2	HTML editing: Nice To Have, XML Editing: Nice To Have, Hotkeys for code snippets: Nice To Have, Integrated CRUD Wizard: Nice To Have, SQL query editing: Nice To Have, Simplified CF/Flex and CF/AIR development: Unnecessary, Code autoforamtting: Unnecessary, Framework support: Unnecessary, Integrated help for CF tags/functions: Nice To Have, Integrated Log viewer: Very Important, Integrated CFC Explorer: Must Have, CSS Editing: Nice To Have, Integrated file explorer: Nice To Have, Intellisense on CFCs: Must Have, Syntax high-lighting of the code: Must Have, Javascript editing: Nice To Have, Integrated RDS data explorer: Nice To Have, Integrated debugger: Useful, Source code control: Unnecessary, Customizable code coloring: Useful, Integrated CFC Explorer: Very Important	Under \$100	XML tools (XML editor, schema, etc.), Automatic upgrade checker, Diff/Compare Tools, Code validation (un-var variables in func missing query params)
332AE4B6-19B9-E658-9D47B90D0409464B	04/09/08 8:30 AM	Application Developer	CFEclipse, Notepad++	Windows	Syntax high-lighting of the code, Hotkeys for code snippets, Debugger, Log viewer, File explorer, Help for CF tags/functions, Source code control, 2B2	HTML editing: Must Have, XML Editing: Must Have, Hotkeys for code snippets: Useful, Integrated CRUD Wizard: Nice To Have, SQL query editing: Must Have, Simplified CF/Flex and CF/AIR development: Nice To Have, Code autoforamtting: Nice To Have, Framework support: Nice To Have, Integrated help for CF tags/functions: Must Have, Integrated Log viewer: Very Important, Integrated CFC Explorer: Very Important, CSS Editing: Must Have, Integrated file explorer: Useful, Intellisense on CFCs: Useful, Syntax high-lighting of the code: Must Have, Javascript editing: Must Have, Integrated RDS data explorer: Nice To Have, Integrated debugger: Must Have, Source code control: Must Have, Customizable code coloring: Very Important, Integrated CFC Explorer: Useful	Free	XML tools (XML editor, schema, etc.), Derby IDE (simple), Source control (SVN, CVS), Ant, Unit testing tools, Documentation generator tool validation (un-var variables in func missing query params)
